welcome to... Heavenly Spa By Westin™

A true heavenly oasis, it rests amidst palmettolined boardwalks, lush gardens, serene fountains, and enchanting lagoons. The holistic, relaxing environment evokes a sense of renewal with elements that recall the dunes of Hilton Head Island and the plantations of the South Carolina low country. Natural materials adorn all spaces, while colors in various shades of neutrals accented with white and sea blue create a serene and uplifting ambience.

This is how it should feel.
